LYANNA NGUYEN

Davis, CA | (408) 598-5459 | lyannanguyen21@gmail.com | LinkedIn | Portfolio

EDUCATION

University of California, Davis — Davis, CA
B.S. in Cognitive Science — *Expected June 2027*

EXPERIENCE

Google (through CodeLab, Contract) — Oct 2026 – Present
UX Researcher Intern — *Davis, CA*

- Segmented YouTube Career Page users into 3 candidate cohorts (first-time, early-career, and experienced job seekers) by building surveys and synthesizing research for the page's redesign.
- Shaped a candidate profile feature to attract high-profile candidates to YouTube roles by interviewing recruiters and job candidates about their application experiences.
- Recruited survey participants across campus by running tabling with incentives, flyers, and classroom outreach.

HackDavis — Jun 2026 – Present
UI/UX Design Director — *Davis, CA*

- Defined the visual theme and branding for an event of 750+ expected attendees, taking designs from lo-fi sketches to hi-fi prototypes in Figma.
- Unified this year's branding theme by curating and finalizing a design system.
- Designed registration and About Us pages for first-time and experienced hackers using storytelling and scannable layouts.
- Resolved last year's handoff limitations by delivering hi-fi prototypes to the tech team and setting FigJam deadlines with leads.

UC Davis Triceratops (Contract) — Jun 2026 – Oct 2026
Product Designer & Developer Intern | Website — *Davis, CA*

- Shipped a 0-to-1 site unifying a 4,500-member Discord server, launching at the UC Davis Involvement Fair with 790 visits in its first week.
- Routed visitors to Discord and Instagram; the site's Join button became the club's top Discord invite link, with 47 of 129 joins (36%) over 28 days.
- Identified 3 audience segments, prioritizing unaware and interested users, from 60+ survey responses and 12+ interviews.
- Refined desktop and mobile layouts using feedback from 5 client review cycles and design audits by 4 outside designers.
- Took the site from Figma to a live launch in 14 weeks with a 6-person team and 0 server errors across 159K+ requests, applying WCAG accessibility guidelines and building with VS Code, GitHub, Cloudflare, and Claude.

#Include — Jan 2026 – Present
Design Lead (Jun 2026 – Present) — *Davis, CA*

- Developed an 8-topic workshop curriculum, spanning design challenges, portfolio and resume tips, Figma MCP, and designer-developer collaboration, to train future designers and build community.
- Planning a biweekly workshop series to deliver the curriculum, with the first session targeted for early November 2026.

Product Design Intern (Jan 2026 – May 2026)

- Designed 3 key pages for the UC Davis Linguistics Club website and supported developer handoff through client approval.

PROJECTS

Linguistics Club Website | *Product Design Intern, #Include* | Case Study — Jan 2026 – May 2026

- Designed a website serving 150+ undergraduate, graduate, and prospective UC Davis Linguistics Club members by translating user interviews and qualitative research into wireframes and interactive prototypes.
- Made opportunities 80% easier to find, as rated in 6 usability tests, by designing an Opportunities page with 5 career paths.
- Confirmed technical feasibility by resolving 2 design-to-code inconsistencies with developers.

SKILLS

Design Methods: User Research, User Interviews, Surveys, Usability Testing, Affinity Mapping, Information Architecture, Competitive Analysis (SWOT), Wireframing, Prototyping, Design Systems, Accessibility (WCAG), Visual Branding, Storytelling
Design Tools: Figma, FigJam, Adobe Illustrator, Canva
Development & Collaboration: Design-to-Dev Handoff, VS Code, GitHub, Cloudflare, AI-Assisted Development (Claude), Notion
